

Oregon 2020 "Hot 300" Hotspot Checklist

Version: 30 May 2014

Oregon2021@gmail.com

* The Hot 300 list includes all Oregon 2020 Hotspot Squares named after birds. A bird name does not necessarily imply we expect that species to occur in the Square. Indeed, some are rather amazingly rare! How many of the Hot 300 can you visit in your home county and across the state? Be sure to tick off each Hot 300 square as you enter your count data into eBird.

BAKER COUNTY

- Asian Rosy-Finch
- Black-billed Magpie
- Bohemian Waxwing
- Brewer's Sparrow
- Ferruginous Hawk
- Flammulated Owl
- Great Spotted Woodpecker
